12 Ways to Start your Hurricane Plan?

What's your hurricane plan? Do not wait, your hurricane plan should be made far in advance. If you wait till the last minute like most people you will be stuck with long lines and left overs. Make sure your family is protected!

- [ ] Know your evacuation route
- [ ] If at all possible, evacuate in advance
- [ ] Buy supplies ahead of time when it's tax free
- [ ] Have local maps on hand
- [ ] Set a plan with your family (local and far away) on a first, second and third place to meet in case you get seperated
- [ ] Take pictures of your property inside and out
- [ ] Do not forget your pets - have a second tag for them on a family far away that can be called
- [ ] Do you have shutters or ply wood to board up windows
- [ ] Bring all flying objects inside so they don't become a hazard
- [ ] Trim your trees
- [ ] Stock up on plywood
- [ ] Install surge protectors
