How to Find Out If Your website is Mobile Friendly

Recently, Google began penalizing websites that are not “Mobile Friendly”. An easy way to know if your website will pass Google’s inspection is to test it out yourself... Learn More at: http://thatsearchthing.com/is-your-business-website-mobile-friendly/

- [ ] 1. Go to the "Google Mobile Friendly Tool" Site: https://www.google.com/webmasters/tools/mobile-friendly
- [ ] 2. Enter the URL/Web Address (i.e. https://Checkli.com) of your website
- [ ] 3. Click the "Run Test" button
- [ ] 4. View the Results
- [ ] 5. Take Action or Get Help if Your Site Does Not Pass!
