NAFTA TN Visa Application for Scientific Technician/Technologist: Document Checklist

Under NAFTA, a TN Professional Work Visa allows professional scientific technicians who are citizens of Canada or Mexico to get a United States temporary work visa to work for a U.S. employer in over 60 job categories. A TN visa is typically issued up to 3 years but can be renewed.

1. Updated passport identification page
2. Updated Resume/CV (including description of work experience and education)
3. 2-3 reference letters attesting to your consulting activities/expertise
4. Copies of degrees, diplomas, certificates and transcripts. For this category you must have a 2 year diploma (at least) in a relevant field
5. Copy of job description
6. Copy of offer of employment / employment contracts
7. Copies of any Professional Certificates
8. Documents for a degreed professional who you will be working with directly.
9. Marriage certificate (if applicable)
10. Your spouse's passport (if applicable)

Degreed Professional (such as an Engineer) Must Provide:

11. Passport Identification Page
12. Copy of document showing they have a degree
13. Professional membership to professional organization
